"ClubSport is truly a club that accommodates the wellness needs of all ages. It's a health club, not just a gym! There are plenty of classes for the kids as well as adult classes. Not to mention the wonderful spa treatments offered. The facility is always well maintained and very clean. It's a place the whole family can enjoy!"

"I've had the privilege of working out at ClubSport since 1990. I view the club as an indispensable part of my life. The club provides on-going activities, state-of-the-art equipment, and excellent service. Moreover, I view the club's connection to the community a very key component to its success. These features have helped me keep healthy and form numerous friendships!"

"From the moment one walks through the doors, your experience is warm, first class, and extremely friendly. You are always greeted at the counter with a smile by a professionally tailored and courteous representative that tells you to enjoy your workout. The staff in the various workout rooms are highly-knowledgeable, and more than willing to offer training tips when asked."

"ClubSport has truly been the most fabulous fitness center for the entire family. My daughter loves the ballet class & my 1yr old enjoys "Mommy & Me." They both have such a great time in the childcare that they ask to go there. I love my fitness classes; they have fantastic instructors and a variety for every fitness level. The Kids Night Out provide my husband & I with great date nights. I can even treat myself to a pedicure or hair cut and have free childcare. This is the BEST one-stop fitness place because it meets so many different needs. I would highly recommend it to any family."
